PREFACE

Double Tax Avoidance Agreement ("DTAA") is a tax treaty signed between two or more countries to help taxpayers avoid paying double taxes on the same income. A DTAA becomes applicable in cases where an individual is a resident of one nation, but earns income in another. DTAA's can either be comprehensive, encapsulating all income sources or limited to certain areas. India presently has DTAA with 120+ countries,

The government of India and the government of the Republic of Fiji signed a DTAA on 30 January, 2014 which originally came into effect from 15 May, 2014 for the avoidance of double taxation and the prevention of fiscal evasion, with respect to taxes on income and on capital. Thereafter, few minor clarifications and changes were made by a notification dated 12 August, 2014. The DTAA was signed so as to provide tax stability to the residents of India and Fiji and facilitate mutual economic cooperation and stimulate the flow of investment, technology and services between India and Fiji.

The DTAA has various beneficial articles like it incorporates provisions for an effective exchange of information including banking information and assistance in collection of taxes between tax authorities of the two countries. The DTAA directs that the business profits shall be taxable in the source state if the activities of an enterprise constitute a permanent establishment in that source state. Further, the anti-abuse article ensures that the benefits of the DTAA are availed of only by the residents of these two countries.

The DTAA applies to income tax (including surcharges) in India and income tax (including normal income tax, the non-resident dividend withholding tax, royalty withholding tax, interest withholding tax and the dividend tax) and land sales tax in Fiji. The DTAA comprises of benefits like a lower withholding tax rate, complete exemption of income from taxation in certain cases, underlying tax credits and tax sparing credits. As per the DTAA, dividend, interests and royalty shall be subject to a withholding tax rate of 5%, 10% and 10% respectively, with an exemption from taxation to the government institutions. The DTAA overall brought clarity, transparency, surety and certainty for residents of both of the countries.

ARTICLE 4

RESIDENT

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

If the State in which its place of effective management is situated cannot be determined, then the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement.

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop;

(f) a sales outlet;

(g) a warehouse in relation to a person providing storage facilities for others;

(h) a farm, plantation or other place where agricultural, forestry, plantation or related activities are carried on; and

(i) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. (a) A building site or construction, installation or assembly project or supervisory activities in connection therewith constitutes a permanent establishment only if such site, project or activities last more than 6 months within any 12-month period.

(b) The furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or connected project) within the country for a period or periods aggregating more than 182 days within any 12-month period.

4. Notwithstanding the preceding provisions of this Article the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

(a) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph, or

(b) has no such authority, but habitually maintains in the first- mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise;

(c) habitually secures orders in the first-mentioned State, wholly or almost wholly for the enterprise itself.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he will not be considered an agent of an independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a

resident of the other Contracting State or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, in accordance with the provisions of and subject to the limitations of the tax laws of that State.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be

determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

1. Profits derived by an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbor of the ship is situated, or, if there is no such home harbor, in the Contracting State of which the operator of the ship is a resident.

3. Profits derived by a transportation enterprise which is a resident of a Contracting State from the use, maintenance, or rental of containers (including trailers and other equipment for the transport of containers) used for the transport of goods or merchandise in international traffic shall be taxable only in that Contracting State unless the containers are used solely within the other contracting State.

4. For the purposes of this Article interest on investments directly connected with the operation of ships or aircraft in international traffic shall be regarded as profits derived from the operation of such ships or aircraft if they are integral to the carrying on of such business, and the provisions of Article 11 shall not apply in relation to such interest.

5. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

6. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include profits derived from the carriage by ships or aircraft of passengers, livestock, mail, goods or merchandise unless such carriage is used solely within the other contracting State.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where—

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of the State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other-State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the

Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the dividends. This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State, provided that it is derived and beneficially owned by:
 - (a) the Government, a political sub-division or a local authority of the other Contracting State; or
 - (b) (i) in the case of India, the Reserve Bank of India, the Export-Import bank of India, the National Housing Bank; and
(ii) in the case of Fiji, the Reserve Bank of Fiji, the Fiji Development Bank; or
 - (c) any other institution as may be agreed upon from time to time between the competent authorities of the Contracting States through exchange of letters.
4. The term "interest" as used in this Article means income from debt claims of every kind, whether or not secured by

mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12

ROYALTIES AND FEES FOR TECHNICAL SERVICES

1. Royalties or fees for technical services arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties or fees for technical services may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties or fees for technical services is a resident of the other Contracting State the tax so charged shall not exceed 10 per cent of the gross amount of the royalties or fees for technical services.

3. (a) The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films or films or tapes used for television or radio broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

(b) The term "fees for technical services" as used in this Article means payments of any kind, other than those mentioned in Articles 14 and 15 of this Agreement as consideration for managerial or technical or consultancy services, including the provision of services of technical or other personnel.

4. The provisions of paragraph 1 and 2 shall not apply if the beneficial owner of the royalties or fees for technical services being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or fees for technical services arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties or fees for technical services are paid is effectively connected with such permanent establishment or fixed base. In such case the

provisions of Article 7 or Article 14, as the case may be, shall apply.

5. (a) Royalties and fees for technical services shall be deemed to arise in a Contracting State when the payer is that State itself, a political sub-division, a local authority, or a resident of that State. Where, however, the person paying the royalties or fees for technical services, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties or fees for technical services was incurred, and such royalties or fees for technical services are borne by such permanent establishment or fixed base, then such royalties or fees for technical services shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(b) Where under sub-paragraph (a) royalties or fees for technical services do not arise in one of the Contracting States, and the royalties relate to the use of, or the right to use, the right or property, or the fees for technical services relate to services performed, in one of the Contracting States, the royalties or fees for technical services shall be deemed to arise in that Contracting State.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or fees for technical services, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 13

CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

5. Gains from the alienation of shares other than those mentioned in paragraph 4 in a company which is a resident of a Contracting State may be taxed in that State.

6. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3, 4 and 5, shall be taxable in accordance with the domestic tax law of the Contracting State in which such gains arise.

ARTICLE 14

1. Income derived by an individual who is a resident of a Contracting State from the performance of professional services or other independent activities of a similar character shall be taxable only in that State except in the following

circumstances when such income may also be taxed in the other Contracting State:

(a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other State; or
(b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any period of 12 - months; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favorably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents. This provision shall not be construed as preventing a Contracting State from charging the profits of a permanent establishment which a company of the other Contracting State has in the first mentioned State at a rate of tax which is higher than that imposed on the profits of a similar company of the first mentioned Contracting State, nor as being in conflict with the provisions of paragraph 3 of Article 7.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance

with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information (including documents or certified copies of the documents) as is necessary for carrying out the provisions of this Agreement or of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. The information may not be disclosed to any other authority or enforcement agency of the requesting Contracting State without the express written consent of the competent authority of the requested Contracting State.

3. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information (including documents or certified copies of the documents) which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 27

The term "revenue claim" as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.
3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.
5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.
6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall only be brought before the courts or administrative bodies of that State. Nothing in this Article shall be construed as creating or providing any right to such proceedings before any court or administrative body of the other Contracting State.
7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be
