PREFACE

Double Tax Avoidance Agreement ("DTAA") is a tax treaty signed between two or more countries to help taxpayers avoid paying double taxes on the same income. A DTAA becomes applicable in cases where an individual is a resident of one nation, but earns income in another. DTAA's can either be comprehensive, encapsulating all income sources or limited to certain areas. India presently has DTAA with 120+ countries.

The government of India and the government of the Republic of Philippines had signed a DTAA for the avoidance of double taxation and prevention of fiscal evasion with respect to taxes on income, which came into effect from 21 March, 1994. The DTAA has been revised in 1996 and 2005 with the aim to provide tax stability to the residents of India and Philippines and facilitate mutual economic cooperation as well as stimulate the flow of investment, technology and services between the contracting states.

With regards to the withholding tax rate, a beneficial tax rate has been agreed to, which is as follows:

- Dividend- a) 15%, if at least 10% of the shares of the company paying the dividend is held by the recipient company; b) 20%, in other cases;
- Interest- a) 10%, if interest is received by a financial institution or insurance company; b) 15% in other cases, with an exemption to all interests earned by government institutions;
- Royalty- 15% if it is payable in pursuance of any collaboration agreement approved by the Government of India

The DTAA signed between the countries applies to income tax, surcharges and corporate tax in India and the income tax in the Philippines. DTAA incorporates various other beneficial clauses like the elimination of double taxation which directs that the credit system method shall be followed. Additionally, the DTAA consists of provisions like the mutual agreement procedure to amicably resolve the disputes that may arise and the exchange of information clause as per which all the relevant information related to taxes for the purpose of appropriate taxation in the resident state shall be shared with the other contracting state.

ARTICLE 4

RESIDENT

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1, an individual is a resident of both Contracting States, then his status shall be determined as follows :

(a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests) ;

If the place of effective management cannot be determined, then the competent authorities shall settle the question by mutual agreement.

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of the enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially :

(a) a place of management ;

(b) a branch ;

(c) an office ;

(d) a factory ;

(e) a workshop ;

(f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources ;

(g) a place of exploration of natural resources ;

(h) a building site or construction project or supervisory activities in connection therewith, where such site, project or activity continues for a period of more than six months ;

(i) a warehouse, in relation to a person providing storage facilities for others.

3. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include :

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise ;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery ;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise ;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise ;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character ;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

4. A person acting in a Contracting State on behalf of an enterprise of the other Contracting State (other than an agent of an independent status to whom paragraph 6 applies) shall be deemed to be a permanent establishment in the first-mentioned State if :

(a) he has, and habitually exercises in the State, an authority to conclude contracts on behalf of the enterprise, unless his activities are limited to those mentioned in paragraph 3 of this Article ; or

(b) he has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise ; or

(c) in so acting, he manufactures or processes in that State for the enterprise goods or merchandise belonging to the enterprise.

5. An insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other State if it collects premiums in the territory of that State or insures risks situated therein through an employee or through a representative who is not agent of an independent status.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of the enterprise, he shall not be considered an agent of an independent status within the meaning of this paragraph if it is shown that the transactions between the agent and the enterprise were not made under arms-length conditions. In such a case, the provisions of paragraph 4 shall apply.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise) shall not of itself constitute for either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall also apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this article.

5. No profits shall be attributed to a permanent establishment by reason of mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other articles of this Convention, then the provisions of those articles shall not be affected by the provisions of this Article.

ARTICLE 8

AIR TRANSPORT

1. Profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable in that State.

2. Notwithstanding the provisions of paragraph 1, profits from sources within a Contracting State derived by an enterprise of the other Contracting State from the operation of aircraft in international traffic may be taxed in the first-mentioned State in accordance with its domestic law, but the tax so charged shall be reduced by forty per cent. In no case, however, shall the tax so charged exceed the lowest rate of Philippine tax that may be imposed on profits of the same kind derived under similar circumstances by a resident of a third State.

3. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an

international operating agency.

ARTICLE 9

SHIPPING

1. Profits derived by an enterprise of a Contracting State from the operation of ships in international traffic shall be taxable in that State.
2. Notwithstanding the provisions of paragraph 1, profits from sources within a Contracting State derived by an enterprise of the other Contracting State from the operation of ships in international traffic may be taxed in the first-mentioned State in accordance with its domestic law, but the tax so charged shall be reduced by forty per cent. In no case, however, shall the tax so charged exceed the lowest rate of Philippine tax that may be imposed on profits of the same kind derived under similar circumstances by a resident of a third State.
3. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 10

ASSOCIATED ENTERPRISES

1. Where :

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall, if necessary, consult each other.

ARTICLE 11

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends, the tax so charged shall not exceed :
 - (a) 15 per cent of the gross amount of the dividends if the beneficial owner is a company which owns at least ten per cent

of the shares of the company paying the dividends;

(b) 20 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 12

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed:

(a) 10% of the gross amount of interest if the interest is received by a financial institution (including insurance companies);

(b) the Philippine tax on interest paid by a company which is a resident of the Philippines to a resident of India in respect of public issues of bonds, debentures or similar obligations shall not exceed 10 per cent of the gross amount of interest ; and

(c) 15% of the gross amount of interest in all other cases.

3. Notwithstanding the provisions of paragraph 2—

(a) interest arising in a Contracting State shall be exempt from tax in that State, provided it is derived and beneficially owned by :

(i) the Government, a political sub-division or a local authority of the other Contracting State ;

(ii) the Central Bank of the other Contracting State ; or

(iii) other lending institutions as may be specified and agreed in letters exchanged between the competent authorities of the Contracting State ;

(b) interest arising in a Contracting State shall be exempt from tax in that Contracting State to the extent approved by the Government of that State if it is derived and beneficially owned by any person [other than a person referred to in subparagraph (a)] who is a resident of the other Contracting State, provided that the transaction giving rise to the debt-claim

has been approved in this regard by the Government of the first-mentioned Contracting State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, including sales on credit of any industrial, commercial or scientific equipment, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from Government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of the Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 15, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties, the tax so charged shall not exceed 15 per cent of the gross amount of the royalties provided that such royalties are payable :

(i) in the case of Philippines, by an enterprise which is registered with the Board of Investment, and

(ii) in the case of India, by an enterprise in pursuance of any collaboration agreement approved by the Government of India.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent

establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political sub-division, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 14

CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property, referred to in Article 6, and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or together with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in the Contracting State of which the alienator is a resident.

4. Gains from the alienation of shares of a company, the property of which consists principally of immovable property situated in a Contracting State, may be taxed in that State. Gains from the alienation of interest in a partnership or a trust, the property of which consists principally of immovable property situated in a Contracting State, may be taxed in that State.

5. Gains from the alienation of any property other than that mentioned in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 15

INDEPENDENT PERSONAL SERVICES

1. Income derived by a resident of a Contracting State in respect of professional services or other independent activities of a similar character shall be taxable only in that State except in the following circumstances when such income may also be taxed in the other Contracting State :

(a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other

Contracting State ; or

(b) 1[if the recipient is present in the other State for a period or periods exceeding in the aggregate 183 days in the relevant 'previous year' in the case of Republic of India or 'calendar year' in the case of Republic of the Philippines.]

2. The term "professional services" includes independent scientific, literary, artistic, educational or teaching activities, as well as the independent activities of physicians, surgeons, lawyers, engineers, architects, dentists and accountants.

1. Substituted by Notification No. SO 125(E), dated 2-2-2005.

ARTICLE 16

DEPENDENT PERSONAL SERVICES

1. Subject to the provisions of Articles 17 (Directors' Fees), 18 (Entertainers and Athletes), 19 (Government Service), 20 (Non-Government Pensions and Annuities), 21 (Students and Trainees) and 22 (Professors and Teachers), salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if :

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the relevant "previous year" in the case of Republic of India or "calendar year" in the case of the Republic of the Philippines ;

ARTICLE 17

ARTICLE 18

ENTERTAINERS AND ATHLETES

1. Notwithstanding the provisions of Articles 15 (Independent Personal Services) and 16 (Dependent Personal Services), income derived by a resident of a Contracting State as an entertainer such as theatre, motion picture, radio or television artiste or a musician or as an athlete, from his personal activities as such exercised in the other Contracting State may be taxed in that other State.

2. While income in respect of personal activities exercised by an entertainer or an athlete in his capacity as such accrues not to the entertainer or athlete himself but to another person, that income may, notwithstanding the provisions of Articles 7 (Business Profits), 15 (Independent Personal Services) and 16 (Dependent Personal Services), be taxed in the Contracting State in which the activities of the entertainer or athlete are exercised.

3. Notwithstanding the provisions of paragraph 1, income derived by an entertainer or an athlete who is a resident of a

Contracting State from his personal activities as such exercised in the other Contracting State, shall be taxable only in the first-mentioned Contracting State, if the activities in the other Contracting State are exercised pursuant to a special programme between the Governments of the two Contracting States for cultural exchange and are supported substantially from the public funds of the first-mentioned Contracting State or a political sub-division, or a local authority thereof or from the funds of a statutory body, or a non-profit organisation which is certified as qualifying under this provision by the competent authority of that State.

4.
